

Suzanne: My name is Suzanne Hegarty. I'm 62 years old. I was born with Cerebral Palsy resulting in physical limitations. I have a significant hearing loss as well as a fused ankle.

I'm working at Aspire Care as the Accounts Assistant in their Administrative Department.

Global Skills provided me with adaptive equipment that has enabled me to be a productive member of the workforce and the moral support has been invaluable.

Garnim: My name is Garnim Atia, Chief Executive Assistant, Inspire Care Pty Ltd.

Suzanne has come into our organisation as an Accounts Assistant. She has previous experience in Accounts. Knowing NDIS herself and being part of the NDIS scheme, she had prior knowledge about how NDIS works. She brought in her professional experience as well as her personal experience with NDIS which has been a very positive experience in assisting our participants in processing their invoice claims, enquiries and helping them with day to day invoicing.

Suzanne: Returning to work was quite stressful until the adaptive equipment that was provided to me by Global Skills. From the sit-stand desk, my specialised chair, my footrest and the toilet surround, has enabled me to be more productive, to manage my pain levels and fatigue and I'm very grateful for the equipment that was given to me.

Working at Inspire Care has increased my self-confidence, given me opportunities to learn, to meet new people and feel like I'm making a contribution to society.

Global Skills Staff Member: If you are a job seeker living with a disability our Disability Employment Service team can support you in meaningful and sustainable employment. For more information go to [globalskills.com.au](http://globalskills.com.au)
